PROFESSIONAL SUMMARY

Lead Software QA Engineer with 10+ years in software, starting in application development and moving into UI, API, and desktop test automation. I currently build and roll out an AI-assisted QA framework in Cursor AI for the end-to-end QA process, from requirement analysis through test scenario/case generation, execution, automated scripts, and documentation.

PROFESSIONAL EXPERIENCE

Lead Software QA Engineer

Cedar Gate Services Pvt. Ltd. (An IQVIA Business)

Jun 2024 – Present | Sanepa, Lalitpur

Senior Software QA Automation Engineer → Lead Software QA Engineer

- Build an AI-assisted QA framework in Cursor AI for end-to-end QA, covering requirement analysis, test execution, conversion to automated test scripts, and documentation.
- Enhance, test, and deploy the framework across all product teams, and help those teams use it.
- Earlier in this role, guided product automation teams on Katalon Studio and TestOps, including code standards, shared custom keywords, issue resolution with Katalon Support, automation servers, TestOps agents, and licenses.

Software Development Engineer in Test - II

UBA Solutions Pvt. Ltd. (A Monotype Partner Company)

Jun 2022 – Nov 2023 | Imadole, Lalitpur

- Tested full product workflows, from individual features to end-to-end journeys.
- Planned and ran user acceptance testing so releases matched business needs.
- Built automated tests with AccelQ and Selenium/Python, and ran them in Jenkins on each build.

Software Engineer

Verisk Nepal Pvt. Ltd.

Apr 2019 – Jun 2022 | Pulchwok, Lalitpur

- Automated UI tests for web and desktop applications using Selenium (C#) and Windows Application Driver.
- Tested APIs for reliability, performance, and security with Postman, JMeter, and Rapid7 AppSpider.
- Built automated API regression and load tests, and connected them to Bamboo so defects were caught earlier in each release.

Software Engineer

Techtonne Solution Pvt. Ltd. (Subsidiary of Braindigit IT Solution)

Jan 2017 – Apr 2019 | Gyaneshwor, Kathmandu

Trainee → Associate → Software Engineer

- Built and maintained web and desktop applications with C#, ASP.NET, and jQuery.
- Wrote and maintained MS-SQL queries, stored procedures, views, and triggers.
- Deployed applications and supported them in production.

Junior Developer

mDev Solutions Pvt. Ltd.

Dec 2015 – Jul 2016 | Baluwatar, Kathmandu

- Built web applications with PHP frameworks like CodeIgniter, Yii, and Laravel.
- Wrote MySQL queries to keep those applications reliable
